EXPO'70 is Japan World Exposition, the earlist one in Asia that was holded from March 15, 1970 to September 13, at Senri-hill in Osaka. And its thema is "Progress and Harmony for Mankind".

JA3XPO is in memory of EXPO'70 the club station of especially licensed for Japan Amateur Radio League (JARL) and it was established in San Francisco Pavilion. JARL Kansai-Division manages it and at the open operation by JARL Members, it widely communicates with many Hams in the World and reports an idea of EXPO to them.

And yet, we thank for good wills of San Francisco City that is a sister's city of Osaka City and wish the developments of both cities.
